Home Buying Criteria List

To start your home buying criteria list, brainstorm all the things you would like in your new home and write them down in the section below. From that list, discuss what the 3-4 "non-negotiable" items are. These are items that you <u>must have</u> in your new home, otherwise, it is a waste of time to purchase it.

Here are a few things to consider: size, location, bedroom count, number of garages, storage, layout, backyard size, year built, price, pool or no pool, schools, location, updated or fixer upper, etc.
